

Continuing Education: Beginning January 1, 2007, each landscape architect registered to practice in New York State must complete 36 hours of approved continuing education for each triennial registration period. A minimum of 24 hours must be in the area of Health, Safety and Welfare. No more than 18 hours of continuing education may consist of educational activities. A continuing education fee of \$45 per triennium is added to the registration fee. Each licensee must maintain documentation of completion of required continuing education for a period of six (6) years and be subject to audit by the New York State Education Department. Do not send any continuing education documents with this application.

The following instructions are ONLY for those individuals who have NOT met continuing education requirements.

Individuals who have NOT met the continuing education requirement MUST choose one of the following options and return this form with their Registration Remittance Document and fee (if required). Your signature indicates agreement with the terms of the option you have selected.

1. I do not intend to practice in New York State during the period indicated on the Registration Remittance Document, and am requesting that my registration be placed in an **INACTIVE STATUS**.

As long as your registration remains inactive, you are not responsible for either the registration fee or the continuing education requirement. If you intend to resume practicing in New York State, you must meet certain continuing education requirements **prior to reactivating your registration**. You may not practice landscape architecture in New York State if you are not registered.

- pay the full registration fee for the one year conditional registration;
- complete the continuing education hours you are lacking from your previous registration period, and

Prior to the end of the one-year conditional registration period, you will be sent a Registration Remittance Document that you must complete and submit with the fee and proof of course completion before you will receive a registration for the remaining two years. **Failure to meet the requirements of the conditional registration may subject you to prosecution for professional misconduct.**
