

Guidelines for Completing the Application for Approval as a Sponsor of Continuing Education for Massage Therapists

Not for use by "Deemed Approved Sponsors"

- 1) The Department is required by statute to review all organizations seeking to be recognized as sponsors of continuing education that are not deemed approved by §7807(4) of the Education Law. Only continuing education provided by organizations approved by the New York State Massage Therapy Board as sponsors will be accepted as meeting the requirements for registration as a New York licensed massage therapist.
- 2) Organizations that are deemed approved under Section 7807(4) of the Regulations of the Commissioner of Education should **not** submit this application. They must, however, register with the Department by completing the "**Deemed Approved Sponsor Registration**".
- 3) Approval as a sponsor recognizes a sponsor's capacity to award contact hours for continuing education activities that are planned, implemented, and evaluated by the sponsor. The sponsor may offer an unlimited number of educational activities during the three year period of approval.
- 4) Contact hour award is limited to the following curricular areas:
 1. Subjects that enhance knowledge and skill in the theory, technique, and methods that fall within or are related to the practice of massage therapy, including, but not limited to, instruction in Swedish massage; medical massage; Shiatsu; connective tissue massage; Tui Na; reflexology; acupressure; polarity; myofascial massage; neuromuscular massage; craniosacral techniques; manual lymphatic drainage; infant massage; pregnancy massage; stretching; exercises to facilitate, enhance or perpetuate the benefits of massage therapy; Thai massage; sports massage; and courses related to specific physical conditions, such as cancer, that may require massage therapy;
 2. Subjects that are fundamental to the practice of the profession, including, but not limited to, pathology, myology, neurology, anatomy, physiology, or subjects that are ancillary to the practice, such as effects of massage therapy on medication regimes;
 3. Subjects that include, but not limited to, activities and skills needed for practice, such as communication, intake procedures, assessment and evaluation, treatment planning, prevention, recordkeeping, First Aid, CPR, and knowledge of the chemical ingredients and safety of products and tools used in the practice of massage therapy;
 4. Clinical interventions/evidence-based models;
 5. Philosophy and principles of massage therapy;
 6. Subjects relating to health care, professional rules and regulations, standards of good practice, precautions, law, and/or ethics which contribute to professional practice in massage therapy and the health, safety, and/or welfare of the public.
- 5) The awarding of continuing education hours is based on a contact hour which is equivalent to **50 minutes of an organized learning activity**. Thus, a program of two clock hours (60 minutes) would be awarded 2.4 contact hours ($120 \text{ minutes} \div 50 \text{ minutes} = 2.4$ contact hours). For entities that offer Continuing Education Units, one CEU equals 10 contact hours. Time for breaks, meals, etc. may not be included in the calculation for contact hour award.
- 6) Continuing education offered by approved sponsors must be made available to all New York State licensed massage therapists, if qualified.
