* An appropriately recognized program must be offered by a regionally accredited college or university in the US or be recognized by the appropriate civil authorities of the jurisdiction in which the program is offered.

** The permit may only be granted for one a year; it cannot be extended and additional permits may not be issued after the one-year has been exhausted. The permit will only be issued for authorized setting(s), as defined in Education Law and Commissioner's Regulations.

*** The 36-month experience requirement cannot be reduced and other direct activities may not substitute for supervised experience in diagnosis & psychotherapy. An applicant who has not met the experience requirement in another jurisdiction must apply for licensure as a LMSW in New York and meet all requirements (see chart) in order to practice clinical social work under supervision in New York sufficient to meet the requirements.

**** If you passed the examination in another jurisdiction, you must request a score transfer from ASWB; scores submitted by applicants or jurisdictions are not acceptable. New York will not accept examinations given under non-standard conditions (e.g., ESL arrangements for extra time or translating dictionary); such applicants will have to take the exam under standard conditions.
